Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner made courtesy call to applicant's representative informing him that the after final amendment filed 3-30-05 will not be entered since it raises new issues and issues of new matter. Examiner also noted that (1) the after final amendment is non-compliant (claim 18 does not use strikethrough to indicate deletions) and (2) the substitute specification will not be entered because the clean copy includes underlining (page 12), the substitute specification does not contain the amendments filed 9/2002, there is no marked up copy and the substitute specification was not accompanied by a statement that no new matter was included.
